Palette

A palette should have divided paint wells and a central mixing area with a lid to keep paint fresh. If you do not have a palette, please bring a large white plate.

Paper

I use 140# Arches cold press watercolor paper. I will have paper for sale at \$5.00 per sheet.

Brushes

Two inch bristle brush-available at hardware stores for approx. \$ 1.00. Also bring any old or new brushes you have. I will have some brushes available for sale. You may also want to use a 1 or 2 inch flat synthetic watercolor brush. I prefer Robert Simmons or Jack Richeson 9000 brushes. I use a #14, a #7. I also like a #3 for masking fluid and a #1 liner for fine work. Please bring what you are comfortable with.
